

The Symbol for 2013 is “SANTA CLAUS”

Santa has been loved and cherished for generations and symbolizes the generosity and goodwill we feel. He represents all the goodness and innocence of childhood which we carry with us into our adult life. He represents the true spirit of giving within us, not the monetary gifts, but the true unselfish giving of ourselves, our friendship, understanding, help, and love that we extend to our family, friends, sisters, and brothers. The same basic principles that apply to our order.
