

Thoughts from Marge

I feel it is an honor and privilege to serve our beautiful Order. I will do my best to perform my duties with grace and dignity recognizing the intrinsic work of each member. I would invite the members to share the dream with me, as together we begin the Journey to 2014.

This reception would not have been possible today without the support and guidance of those who willingly stand in the background and offer their assistance. To each of you who lent a hand to help or who offered their encouragement I will be forever grateful. To the members of my Chapter, my district and my extended family and friends I can only say "Thank You" for all you do for me.

Thanks to the Scottish Rite for allowing us to use this lovely facility.
